

## Language Services

Deya Consulting Services, applying over 10 years of experience, offers both interpreting and translating services for multiple languages, with a particular focus upon the specific language interests of the Arabic speaking world.

The company's founder has also received training to become a certified interpreter trainer, allowing her to share interpreting skills with new generations of interpreters across all languages. Each one of our translators and interpreters are carefully screened and selected on the basis of their ability to achieve excellence in the field. Accurate interpretation involves exercising knowledge and understanding of different nuances and communication techniques. Clear communication is vital regardless of the circumstances.

### Interpretation Services

At DCS, we specialize in both types of interpreting:

- Consecutive Interpreting &ndash; providing interpretation of a complete message after the speaker has finished delivering the message.
- Simultaneous Interpreting &ndash; communicating a message interpretation as delivery is on-going.

Interpretation services are available in multiple languages, on-sight or off-sight. DCS is also one of the leading providers of Arabic language interpretation services in the United States. [Click here to fill out an online form to receive a price quote from us.](#) Thank you!  
Translation Services

Compared to interpreting the spoken language, translation of written language requires a particularly high level of comprehension to pick up on the nuances of the writer, communicated through syntax. At DCS , we pride ourselves on the ability to surpass expectation, rendering clear, concise translations, copy that consistently ensures maximum customer satisfaction.

Our interpretation and translation services bridge communication barriers and allow for the successful interaction of cultures and languages. Our prices are among the most competitive in the industry so get in touch with us today so we can access how we can best meet your needs.
